and innovation

We would like to formally and sincerely apologize for the inability to host the European Championships 2022 Slovakia at the proposed new venue x-bionic morpho sphere from 23.7. till 31.7.2022. All legal documents for the operation of the x-bionic morpho sphere were filed in a timely manner many months ago, but due to the backlog of applications in many different government offices, we have still not received final operational approval to be able legally host your event. We will try with LOC to be able to move the European Championships 2022 Slovakia to our other venue (Equestrian halls), yet we also recognize that our alternative venues (Equestrian halls) may not meet your original expectations and cause some frustration. All of us at x-bionic sphere value the opportunity to host this event, and we hope that this situation does not affect our working relationship in the future.
